

Parking Enforcement

Glenselg is a very popular destination for many people which result in parking being in high demand and high level of congestion of the road system at peak times.

The City of Holdfast Bay has responded to these pressures gradually over many years to improve traffic flow, provide viable alternatives to the car, to continually provide car parking in popular areas and to provide special parking areas for special needs (short term disabled, loading zones, taxis zones, bus zones etc.) and to optimise parking supply to the public.

This demand can exceed supply at peak time forcing parkers to park further away from the business district or to park in illegal parking areas or selecting timed spaces which exceed their intended stay duration. Parking in illegal parking areas can often encourage other parkers to follow suit as it appears legitimate with other cars parked in this location

Traffic and Parking Improvements

Our aim is to:

- keep traffic flowing freely.
- ensure that spaces are available and properly managed.
- improve turnover of car parks.
- encourage appropriate parking at appropriate locations and better control supply to demand.
- increase use of existing parking spaces.
- help to make the City of Holdfast Bay a safe place – to drive, walk or cycle through.
- provide clean, well lit secure car parks, for all residents, visitors, traders, customers and businesses in the area
- ensure that pedestrians may walk safely without fear or obstruction, throughout the area.

What do we do?

- parking advice/where best to park;
- parking rules explained to reduce fines;
- public relations role as well as promoting Council;
- assist Community and Traders;
- follow-up By-Laws;
- enforce indiscriminate illegal parking;
- regular feedback to Council on issues re-occurring problems and community feedback;
- give directions to visitors and advice;
- promote the area in a positive manner.

Help us to help you

Please help us help you by:

- not parking on yellow lines
- not parking for longer than the specified time.
- not parking within 10 metres of a corner.
- not parking in specially signed parking areas if not eligible.
