## 1. Purpose

In South Australia, council rates are a form of property tax levied by Local Government, as the primary source of funding for the many mandatory and discretionary services provided by councils. Rates are administered by each council in line with the *Local Government Act 1999* (the Act). This document sets out the Council's policy for setting and collecting rates from its community.

## 2. Scope

This Policy applies to all ratepayers within the Council's area.

## 3. Roles and Responsibilities

Council	To adopt a Council Rating Policy.
Chief Executive Officer	To oversee the consistent application of the Council Rating Policy.
Manager Finance	To oversee the consistent application of the Council Rating Policy.
Rates Specialist Finance Officer – Rates & Payroll	To apply consistent delivery of the Council Rating Policy to ratepayers.

## 4. Policy Statement

Rates constitute a system of taxation for Local Government generally based on the value of land. Council's primary source of revenue is derived from rates. Rate revenue is used to provide an extensive range of services to its community, based on Councils strategic directions and financial considerations. The Act prescribes the legislative basis for imposing, setting, declaring and paying of rates.

### General Principles

- 4.1. Rates constitute a system of taxation on the community for Local Government purposes generally based on the value of land which reinforces the equity principle that property value is a relatively good indicator of wealth.
- 4.2. Council's powers to raise rates are contained in sections 123 and 150 of the Act and Regulation 6 of the Local Government (Financial Management) Regulations 2011.
- 4.3. The objective of this policy is to ensure that the amounts of rates levied is equitably applied and collected across the community while collecting a minimum contribution from ratepayers.

- 4.4. Rates are not to be seen as a user pays system as the benefits received by the community can differ over the life cycle of a ratepayer.
- 4.5. In setting its annual rate revenue requirements Council considers its Long Term Financial Plan, its Annual Business Plan and budget considerations, the current economic climate, the consumer price index and the Local Government Price Index.
- 4.6. Consideration is given to the effect of the required rate revenue distribution on differing ratepayers including those with land assessed as residential, commercial, industrial, vacant or other.
- 4.7. Once the annual rate revenue requirements are determined, Council sets a rate in the dollar ensuring that in times of high annual property valuation increases additional rate revenue is not received.

## Rating Structure

### 4.8. Method Used to Value Land

- 4.8.1. Under section 151 of the Act, Council may adopt one of the following valuation methodologies to determine the value of property within the City:
  - Capital Value – The value of the land and all of the improvements on the land.
  - Annual Value – a valuation of the rental potential of the property.
- 4.8.2. Council uses the Capital Value as the basis for valuing land as it provides the fairest way to distribute rates across all ratepayers. It is considered that the improved property value is a good indicator of wealth and ratepayers of similar wealth pay similar taxes.

### 4.9. Adoption of Valuations

- 4.9.1. Council pays for and receives capital valuations on an annual basis from the Valuer-General of South Australia. Council has no role in determining the valuation of any property within the City.
- 4.9.2. If a ratepayer is dissatisfied with the valuation provided, an objection may be made to the Valuer-General. This objection must be made within sixty (60) calendar days after the date of service of the first quarter rates notice containing the valuation to which the objection relates.
- 4.9.3. Contact details and other lodgement requirements and conditions for the Valuer- General are included on the rates notice.

### 4.10. Method of Rating

- 4.10.1. The Act permits Councils to differentiate rates based on land use. Given differing community service needs and factors affecting land valuations between residential, commercial and industrial land, Council is of the view that a differential general rate is the most equitable way to levy rates.
- 4.10.2. Council applies a differential rate to vacant land in order to encourage land improvement. Vacant land is considered to be improved when a concrete foundational slab is constructed. On application Council will change the land use to residential provided a concrete slab is constructed prior to 31 July each rating year.
- 4.10.3. Council reviews annually the additional percentage to apply to Commercial, Industrial and Vacant Land properties. The assessment is based on the level of services that are required by the business community to ensure continued economic growth and employment.

#### 4.11. Minimum Rate

- 4.11.1. Council imposes a minimum rate in accordance with section 158 of the Act. Council considers it appropriate that all rateable properties make a base level contribution to the cost of general Council services and infrastructure maintenance, renewal and replacement.
- 4.11.2. The amount of the minimum rate is assessed annually and increased after taking into consideration the applicable rate revenue requirements.
- 4.11.3. The Act does not permit the minimum rate to apply to more than 35 per cent of properties. Where two or more adjoining properties are owned and occupied by the same owner one minimum rate is applicable. Section 158(2) of the Act provides direction on which properties are exempt for the minimum rate.

#### 4.12. General Rate Cap (Maximum Rate Increase)

- 4.12.1. Council makes a determination on an annual basis on the maximum rate increase for residential properties to provide relief against large increases or anomalies in valuations. This is provided under section 153 (3) and (4) of the Act.
- 4.12.2. The rate cap applies to the principal place of residence. Applicable ratepayers need to apply for the relief by lodging the appropriate form obtained from Council.
- 4.12.3. The residential rate cap does not apply if any of the following conditions arise:
  - Improvements are made to the property in excess of \$50,000 in the previous two financial years, or
  - Changes in land use, wholly or partially, or
  - Changes in zoning, or
  - The ownership of the rateable property has changed since 1 July of the previous year, or
  - The property is no longer the principal place of residence.
  - Calculation of the residential rate cap for the current financial year excludes any previous residential rate capping granted, rebates/remissions granted and Regional Landscape Levy.
- 4.12.4. Rate capping does not apply to assessments that are not the principal place of residence of the ratepayer. This restricts the ability to apply a rate cap to commercial, industrial and vacant land assessments.
- 4.12.5. Rate relief for commercial, industrial and vacant land assessments is available by a discretionary rebate under section 166(1) (l) of the Act, detailed within this policy under 4.26.

#### 4.13. Separate Rate – Jetty Road Glenelg Mainstreet

- 4.13.1. Under section 154 of the Act, Council imposes a Separate Rate to promote and enhance business viability, profitability and trade commerce and industry, which provides benefits to the Jetty Road, Glenelg District Centre Zone.

#### 4.15. Regional Landscape Levy

- 4.15.1. Council is required under the Landscape South Australia Act 2019 to make a specified contribution to the Green Adelaide Board.
- 4.15.2. The Regional Landscape Levy is a State Government Tax, and the Board determines the projects to be undertaken.
- 4.15.3. Council is an income collector for the Board and does not retain the income or determine how the income is spent.
- 4.15.4. Council collects a fee from the Board for administrative costs of collecting the levy. The amount is determined annually by the Board and is based on a fixed fee and an amount per assessment.
- 4.15.5. Contact details for the Green Adelaide Board are included on Councils rate notice.

#### 4.16. Rate Declaration (to be updated each financial year)

- 4.16.1. Sections 153 and 154 include the requirements for declaring rates. Rates are not to be declared until after Council has adopted its annual business plan and budget for the financial year to which the rate relates.
