## **EVENTS @ THE BAY**

## Risk Management Plan Guidelines and Template

Risk Management Matrix Key:

#### **Measure of Consequences:**

| Level | Descriptor  | Examples of detailed descriptions in terms of its effect on organisation           |  |  |
|-------|---|--|--|--|
| 1     | Insignificant   | No injuries, low financial loss and disruption.                                    |  |  |
| 2     | Minor   | First aid treatment, on site release immediately contained, medium financial loss. |  |  |
| 3     | Medical treatment required, on site release contained with outside assis moderate financial loss / political impact.  |  |  |  |
| 4     | Major Extensive injuries, loss of production capability, off site release with no detrime effects, major financial loss, long term loss of critical infrastructure. |  |  |  |
| 5     | 5 Catastrophic Death, toxic release off site with detrimental effect, huge financial loss, loss of critical infrastructure.   |  |  |  |

#### Measures of Likelihood:

| Level | Descriptor     | Description                                 |  |
|-------|----------------|---|--|
| Α     | Almost certain | Is expected to occur in most circumstances. |  |
| В     | Likely         | Will probably occur in most circumstances.  |  |
| С     | Possible       | Might occur at some stage.                  |  |
| D     | Unlikely       | Could occur at some stage.                  |  |
| Е     | Rare           | May occur in exceptional circumstances.     |  |

#### Rating the Level of Risk:

The level of risk is determined by the combination of the two tables above (Consequence Vs Likelihood)

|                   | Consequences       |            |               |            |                   |  |  |
|-------------------|--------------------|------------|---------------|------------|-------------------|--|--|
| Likelihood        | Insignificant<br>1 | Minor<br>2 | Moderate<br>3 | Major<br>4 | Catastrophic<br>5 |  |  |
| A- Almost Certain | Н                  | Н          | E             | E          | E                 |  |  |
| B- Likely         | М                  | Н          | Н             | E          | E                 |  |  |
| C-Possible        | L                  | M          | Н             | E          | E                 |  |  |
| D-Unlikely        | L                  | L          | M             | Н          | E                 |  |  |
| E- Rare           | L                  | L          | M             | Н          | Н                 |  |  |

L= Low Risk

M= Medium Risk

H= High Risk

E = Extreme Risk

#### **COVID-19 Risk Assessment**

When developing a risk management plan, please ensure refer to the <u>Public Activities COVID-19 Direction</u> for the latest South Australian restrictions. You will need to abide by the following points when putting together your risk management plan:

- Assess your risks and mitigation potential what specific aspects of your event may increase transmission
  risk to attendees. Such as the number of people attending, are attendees in a high-risk group, location,
  purpose of the event.
- Implement COVID safe event measures social distancing, hygiene, contact tracing, cleaning and stagger start times are all examples. Further safety information can be found at SA.GOV.AU
- Communicate policies and procedures Formulate a plan on how you will communicate your event safety policy and understand your audience when deciding on the best way to communicate this information to.

#### **Risk Management Plan**

When developing a risk management plan for your event, please consider <u>all</u> of the possible risks. You may identify more risks specifically associated with your event not listed below. This list is a guide only.

- Allergic reaction
- Alcohol consumption
- Amusement Structures
- Animals
- Assault
- Children near water
- COVID-19
- Crowd control
- Damage to display vehicle
- Damage to property
- Dangerous items in sand
- Disorderly conduct
- Drowning
- Electrical incidents
- Environmental pollution/damage
- Event disruption
- Excessive litter
- Extreme weather (heat/cold/wind)
- Fire

- Interruption to the event
- Lost children/persons
- Marquee collapse
- Medical emergency
- Medical trauma
- Noise pollution
- OHS&W lift/ slips/trips
- Oil leaks from display vehicle
- Participant dispute
- Plant/Equipment failure
- Power failure
- Public disturbance
- Refuelling on event site
- Road closures
- Spectator conflict
- Storage of fuel
- Storage of gas cylinders
- Sun stroke
- Swim hazards/accidents

# **EVENTS @ THE BAY**

- Food handling
- Food poisoning
- Food storage
- Gas bottle explosion
- Generator usage
- Heat stress/ dehydration
- Ignition of flammable or combustible materials
- Inappropriate crowd behaviour
- Injury

- Temporary structures collapse
- Theft
- Toilet failure
- Traffic disruption
- Trip hazard
- Vandalism to event property
- Vehicle collision with pedestrian
- Vehicle movement during event

### Please complete the below Risk Management Plan template for your event:

(If you require additional room please photocopy and attach the extra sheet)

| Event Name:  |  |
|--------------|--|
| Location(s): |  |
| Event Date:  |  |

| Risk | Likelihood | Consequence | Level of Risk | Preventative Action Required | Responsive Action required |
|------|------------|-------------|---------------|------------------------------|----------------------------|
|      |            |             |               |                              |                            |
|      |            |             |               |                              |                            |
|      |            |             |               |                              |                            |
|      |            |             |               |                              |                            |
|      |            |             |               |                              |                            |
|      |            |             |               |                              |                            |
|      |            |             |               |                              |                            |
|      |            |             |               |                              |                            |
|      |            |             |               |                              |                            |
|      |            |             |               |                              |                            |
|      |            |             |               |                              |                            |
|      |            |             |               |                              |                            |
|      |            |             |               |                              |                            |
|      |            |             |               |                              |                            |
