### **About Us**

We are proud of what we achieve for our community and we empower and value our staff by recognising achievements and delivering on our promises. We are respectful, innovative and easy to do business with and we engage our community to inspire progress and build a future. We enjoy what we do!

**Are you ready to be involved in a career defining project? Here is your chance to join the City of Holdfast Bay**, who are investing \$40 million into a once-in-a-generation project that is **Transforming Jetty Road Glenelg**. This project will deliver a modern, safe, vibrant and accessible destination for all who live here and come to visit.

To assist us in the delivery of this transformational project, we are seeking two highly motivated and dedicated candidates, to join the project team.

These two exciting opportunities will work closely together and will form part of the small but dynamic Transforming Jetty Road team which is supported and surrounded by council's multi-disciplinary teams, consultants and contractors.

We are seeking project officers with the following capabilities:

- A **Construction Coordinator** to assist in the successful delivery of the construction program working alongside Council's contractor.
- A **Stakeholder Liaison Officer** to work alongside the construction team to ensure our community and the Jetty Road precinct businesses are supported during the construction activities.

These opportunities will provide the incumbents with a diverse and rewarding career experience that is embedded in a high-profile project which will further elevate Glenelg as South Australia's top coastal destination.

Please refer to the position descriptions for more information.

As we are working in a fast-paced environment and we are seeking to onboard these roles as soon as possible, applications will be reviewed on receipt, so if you are ready for this exciting opportunity get your applications in as soon as possible. As we may interview and appoint to the roles throughout the advertising timeframe if we find the right applicant.
